NO. 82

MIDDLEBURG.

Rev. J. H. Ferrell preached at the Baptist church Sunday and Sunday night.

The recent rains will be very beneficial to wheat unless it freezes very hard in the meantime.

Mr. Vince Wilson sold a mule to W. E. Cundiff last week for \$150, which is a very fine price as stock has been low for some time.

The last grand jury returned 50 indictments. James Pemberton was acquitted of the murder of John Silcox, this being the only murder case tried.

J. R. Wilson, who was reported ill, is up again. Mrs. Wilson is convalescing. The doctors report little Willie Royalty as on the mend, though it will be several weeks yet before he will be up.

Clell and Henry McAninch and Moses Moore have returned from Wayne. Mr. Abe Ralston, of Liberty, son of our county-judge elect, visited Mr. and Mrs. McD. Royalty Sunday and Monday.

New corn is selling at \$3 to \$3.25 delivered, while meal is selling from 75 to 90 cents per bushel. Bacon and lard are almost out of sight. Truly the Roosevelt good times are at hand and why should we not all make merry? At the same time turkeys are worth only 50¢.

Mr. William LaCham, who lives on the Liberty pike, three miles from town, has killed 61 rabbits since early corn gathering time. Fifty-seven of this number were killed with rocks, several of this number being on the run. LaCham can use a rock with the skill that the average sport can use a rifle.

W. V. Hatter, a prominent farmer of this county committed suicide Wednesday by hanging himself in a barn. Despondency over ill health is thought to be the cause of the deed. Mr. Hatter was about 32 years old and married. Deceased was a son of Squire W. G. Hatter and a son-in-law John A. Lawhorn and was an excellent young man. He had been in bad health for the past year and underwent an operation at Stanford last summer, but seemingly has done no good. Interment at Green River burial grounds yesterday afternoon.

Murphy, Sr., who remains very ill of lung trouble. Mrs. Emily Gooch and children, of McKeithen, are the guests of Mrs. Sebastian Chevallote and other relatives here. Daniel Heater is able to be out after an attack of grip.

Illness prevented our attendance at the school exhibition last Friday evening, but we learn from others that it was a very creditable performance throughout. Each one, including the little fellows, acted well his part and Mrs. Taylor rendered assistance by singing a very sweet solo accompanied by the guitar. Miss Griffin has taught a very successful school and it is probable will meet with no opposition should she desire to teach another session. She addressed her audience at the close of the exercises, thanking the parents of the pupils for the assistance she had received from them and saying she had been greatly encouraged. The children seem devoted to Miss Griffin and she undoubtedly has had a good Christian influence over them and it was manifested in part by so many boys and girls mingling with the church at the recent protracted meeting.

J. S. Demeron continues quite ill, but is reported better.

This section has been visited by a copious fall of rain and the weather is again fair and bracing, thus rendering an opportunity for every one to prepare for severe winter.

After a long residence here Mr. and Mrs. Isaac Herrin are making arrangements to go to their new home in Stanford, much to the regret of their many friends. They will be greatly missed here, but our loss will be gain to Stanford. The best wishes of their friends will ever attend them in their new place of abode.

Mrs. J. B. Willis visited friends in Richmond this week. J. J. Brooks spent several days in the city. After a pleasant visit to friends here, Mrs. Sam Scott returned Wednesday to her home in Somerset. Little Mary, daughter of Mr. and Mrs. S. P. Gray, fell a day or two since and broke her collar bone. Mrs. Frank Edmiston is on the sick list.

The Sunday schools always alternate here with regard to the Christmas tree, it falling to the Baptists this time on Christmas eve. All are cordially invited to take part in making a success of it. The different committees desire that the tree may be made as lovely in appearance as possible, and especially request that every poor child in the vicinity be kindly remembered.

Wade Perkins, of Beattyville, is with home folks until after the holidays. Miss Pauline Hardin is quite ill of pneumonia. Boyle Vaas and Keith, two bright little sons of Mr. and Mrs. Chas. Singleton, have both had a very severe form of croup, but are reported better. Mrs. Cashollar, of Indiana, is with her mother, Mrs. Ziegler, with the hope of regaining her failing health. Miss Lizzie Beazley spent several days last week with her brother, Dr. W. S. Beazley, in Lancaster.

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democrats.

THE Cincinnati Enquirer's Frank fort correspondent figures the Senatorial contest as follows: For McCrory, 25; for Cantrell, 10; for Wheeler, 17; for Smith, 15; uncertain, but probably for McCrory, 11; uncertain, but probably against McCrory, 12; wholly doubtful, 1. Giving McCrory the 11 uncertain members he will have only 36 votes, or 14 less than a sufficient number to nominate and for this the correspondent figures that the first ballot will find each of the four candidates strong enough to encourage his friends in settling down to a long fight. This publication is evidently inspired by the opposition. Gov. McCrory is dead sure of more than 40 votes on the first ballot, and a nomination on the second after certain members have complimented certain candidates. It is the field against McCrory like it was in the Congressional convention a few years ago, but the conspirators can't throw the same trick that was thrown then. McCrory has made his calling and election sure, and the General Assembly will simply have to ratify the will of the people.

DEMOCRATIC Senators held their first caucus of the session Wednesday to consider committee assignments. Senator Jones, of Arkansas, was re-elected chairman. Senator McLaurin was the only one elected as a democrat who was not present. It was decided at the meeting to make a vigorous fight against several changes on committees proposed by the republicans. The republicans did not provide for Senator Wellington and the democrats could find no place for him.

TOM HAMILTON, who was hanged at Lake City, Fla., Friday confessed to five murders, and, strange to say, did not claim that he was going straight home to glory. According to the statement of the average murderer who is executed, five murders ought to entitle him to a very high seat in the kingdom prepared for them who slay their fellow man.

AN effort to increase the pay of supreme court judges to \$15,000 and circuit judges to \$9,000 will be made in Congress. Why not turn over the treasury to these over-worked but poorly paid judges?

Petty, Shelbyville; W. L. Buford, Nicholasville; James H. Tomlinson, Harrodsburg; E. B. Linney, Danville; W. T. West, Lancaster.

The Philippine tariff bill agreed upon by the republicans, will be reported by the ways and means committee to the House and a vote will be taken Tuesday. The democrats have reached no decision as to opposing the bill, although a minority report will be submitted. All the representatives, it is believed, will support the bill, regardless of party action.

It may be in the power of Boss Cox to decide the political future of Senator Hanna. Both Hanna and Senator Foraker are striving to organize the Ohio Legislature, before which Foraker stands for re-election. Hanna wants to control the body to protect his own interests, which are weaker than Foraker's. The balance of power rests with the 13 Cincinnati legislators. These 13 have agreed to do the bidding of Cox, and have adopted a resolution to that effect.

ALL persons interested in rural free delivery for Lincoln county are requested to call at the office of Attorney W. S. Burch and sign a petition for same. The county is in need of such a convenience and we believe that with the proper assistance Congressman Gilbert can secure it for us. By all means this matter should be pushed vigorously.

VANHOOK.—Mrs. J. H. Vanhook, who sustained serious injuries, being thrown from the bridge in front of her father, died at Mr. O. J. Crow's yesterday afternoon at 4 o'clock. She had never regained entire consciousness and her death was not a surprise to those who knew the extent of her injuries. Mrs. Vanhook was a daughter of Mr. and Mrs. O. J. Crow and was a most excellent lady. Years ago she joined the Christian church and she had since been a most consistent member. Death held no fears for her and having lived a Godly life she was ready and willing to meet her Maker. Her death is a peculiarly sad one, however, for besides her fond husband a little daughter is left to feel keenly the loss of an angel mother. Every possible effort was made to save Mrs. Vanhook but the fearful crushing of her skull and other injuries were too great for her frail form and now all that is mortal of the loving wife and tender mother lies under the sod in Buffalo Springs Cemetery. Eliz. B. J. Pinkerton conducted a beautiful funeral service at the graves at 2 o'clock this afternoon in the presence of a large crowd of sorrowing friends who had gathered to pay their last tribute of respect to the good woman. May God in his goodness help the broken-hearted husband to bear his burden and take care of the little daughter who is yet too young to realize her great loss.

ROUND DOZEN.—Marshal R. G. Jones landed a round dozen prisoners in jail yesterday. They were James Mitchell and Fields Salter for drunkenness, Allen Hansford and wife for fighting and the following for gambling: Cal. Middleton, Tom Evans, Nub Embry, Will Lewis, Willis Hansford, Charley Peyton, Will Bogle and Bob Crow. The latter eight were fined \$11 each.

KENNEDY.—After a protracted illness of typhoid fever, Howard, the 14 year old son of Mr. and Mrs. E. D. Kennedy, died at McKinney Wednesday. He was an unusually bright, manly boy and in his death the parents and other members of the family have innumerable sympathies. Howard and his father returned few months ago from Ada, I. T., where they spent some time.

OLD FIDDLERS' CONTEST.—The following gentlemen have entered in the Old Fiddlers' Contest at Walton's Opera House Christmas night: Judge M. C. Saenger, Dr. J. F. Peyton, Stanford; Alex Martin, Rowland; Arvin Dawson, Mt. Kenda; John Traylor, Gilberts Creek; Gabe Salter, Paint Lick; Sam Bishop, Turnersville; Larkin Hicks, Ilionhead; Frank Vandalongham, Seene Hill.

COMM.—A visit to Corbin the other day revealed the fact that that is one of the best business towns in the mountains. A dozen years ago there were not a half dozen houses at the station then known as Lynn Camp, but now Corbin is a city of no mean pretensions with some 1,000 or more inhabitants. Few towns of its size have more stores or substantial business houses and residences. Unlike the average railroad town everything is built with permanence. Corbin covers nearly as much ground as Stanford and if she continues to grow as rapidly as she has been she will more than rival Lincoln's capital in population. The pay roll of the L. & N. there monthly is an enormous sum and at least three-fourths of the money is spent at home. All business is done on the 30 day credit plan, which seems to be satisfactory to the merchants. A monument to the good people of the town is a Y. M. C. A. building which has recently been erected and which is indeed a credit to the place. It is a handsome structure and will no doubt prove to be the source of much good. Railroad men and others patronize it liberally and many pleasant hours are spent there by them. Corbin has had several destructive fires lately, but ground is too valuable there to let it remain idle and buildings go up on the burned district almost before the smoke dies away. Among the people who are doing well there are Mr. D. A. Twaddle, who conducts an up-to-date restaurant; D. O. Stephenson, also formerly of this county, and Joe A. Hardin, who married Miss Julia Douglas, here. Mr. Hardin has an express run from Corbin to Norton and Mr. Stephenson draws a handsome salary for his work in the clerical department of the L. & N.'s business. While there are scores of boarding houses in Corbin, a good hotel is conspicuous for its absence and it has always been a wonder to us why one has not been built. It is a fine opening for a good hotel and some man is missing a good opportunity in not putting up one.

POSTMASTER J. C. FLORENCE has been recommended by Senator Debow for recompensation as postmaster of Stanford for another four-year term. Mr. Florence has an opposition, we are glad to say, and his appointment will be sent by President Roosevelt to the Senate within a few days. An A 1 selection.

THIS AND THAT.

R. B. Wilkinson bought a lot of butcher cattle from D. G. Portman, of Casey, at 2½c.

Charley Spillman bought 535 acres of land near Pleasant Hill, Mercer county, for \$15,000.

D. C. Allen bought of E. T. Peneo a lot of lambs at 3c; some from various parties at same price; car-load of cattle, 750 pound average at 3½c; car-load of hogs and cattle at 4½ to 5½c for the former and 2½ to 3c for the latter.

Several young ladies in a New York town have joined an anti-matrimony club to encourage "a life of single bliss." It is probable that this club was organized by the daughter of an editor who knew the value of advertising.

There is, of course, nothing to prevent any young lady resigning her membership in the club when she receives an offer from an eligible young man.—Bryan's Commoner.

As heirress to a fortune of \$4,000,000 or more, Miss Katherine Roberts, is a singer in the chorus of a comic opera at a salary of \$20 a week. Six weeks ago she applied for a place in the chorus of the "Liberty Belle" and got it.

She has undertaken one of the principal parts, and a few nights ago substituted in the role creditably. She admits she had a "little misunderstanding" with her mother, which precipitated matters, but declares she would have adopted the profession "sooner" if she had not done so "sooner."

Miss Roberts is a New York girl and has lived the last 10 years of her life between New York and Paris. She is the daughter of a widowed mother.

The Smallest Republic in the World.

The smallest republic in point of area is Gonst, in the Lower Pyrenees. It does not occupy one entire mile of territory, being perched upon the plateau of a mountain. Both France and Spain have recognized its independence as a State for more than 250 years. Gonst has about 150 people, who elect their president every seven years. In point of population, therefore, it is larger than another tiny republic, Tavolara, an island in the sea of Sardinia, which is the smallest of the 78 provinces of Russia, including Siberia, will have been included in the sphere of activity of these societies.

HAD A GOOD TIME.

A. J. Swei wanted to attend a party but was afraid to do so on account of pains in his stomach which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by Craig & Hocker, druggists.

The Christian at Work says that in prohibition Maine, where it is said prohibition "is no good," there were last year behind the prison bars 841 persons, a total of 13 for every 10,000 people, while in Massachusetts, the best enforced license law State, there were 7,451 prisoners, or 33 for every 10,000 of population.

An attractive woman thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with beauty. According to the report of the Taft commission as relating to the liquor traffic in Manila it is stated that at the present time Manila has 43 saloons that sell all kinds of liquor, 41 that sell only beer and wine, 17 attached to hotels with full privileges, seven attached to hotels without the privilege of selling spirituous liquors and 408 native wine shops. In the saloons, billiard or pool tables are not allowed, neither are slot machines, phonographs, musical instruments nor any gambling device.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will not let her health to get a coveted gem, then let her forgo herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Penny's Drug Store. Get Green's Special Almanac.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For years the doctors pronounced it a local disease and prescribed local remedies and by constantly flogging to cure with such tides, mentioned, pronounced it incurable. Scien-tific catarrh to be a constitutional disease, has therefore been called "The Catarrh of the West." Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally dose from 10 drops to a teaspoonful. It acts directly on the blood and mucous membranes. It acts from the outside in. It cures in 10 days. Send for sample. F. J. CHENEY & CO., Toledo, O. Sold by druggists. Halt's Family Pill is the best.
